

Encourage your employer to go smoke free. Get the facts on how smoke free restaurants can become healthier and more profitable.

Call (803) 530-6720 or visit www.smokefreesc.org.

ATTENTION RESTAURANT EMPLOYEES

Did you know that...

Restaurants that allow smoking can have six times the pollution of a busy highway?

Employees who work in these restaurants have a 50% greater risk of getting lung cancer than employees who work in non-smoking environments?

You'll see less waiting time for customers when one section or the other is full? Reservations and seating is simplified.

Owners of restaurants that allow smoking could be liable if an employee develops an illness from breathing secondhand smoke?
